Se minar series

Blanket support

Dear Dr. McAllister:

I am writing to you on behalf of the Department of Cell Biology, University of Medicine and Dentistry of New Jersey - School of Osteopathic Medicine to seek your support for our Distinguished Lecture Series. This Lecture Series has been held in our new Department of Cell Biology at Stratford Campus of UMDNJ since March, 1994 and has been extremely successful as a forum to bring together established investigators from diverse areas such as cardiovascular, hypertension, inflammation and various aspects of cancer research with a common theme of oxygen free radicals, nitric oxide, eicosanoids and bioactive lipids. The 1994 and 1995 program is enclosed for your reference. However, as you can appreciate, organizing such Lecture Series takes a great deal of financial resources. Therefore we request your consideration to support this Lecture Series financially and as a co-sponsorship by this institution. The monies raised will be used to defer travel expenses for invited speakers, in particular, invited speakers from out of state and European countries.

If payment is made by check then it should be sent to the attention of Dr. Patrick Y-K Wong at the Department of Cell Biology, University of Medicine and Dentistry of New Jersey - School of Osteopathic Medicine, Two Medical Center Drive, Stratford, NJ 08084. The check should be made payable to "UMDNJ-SOM" and on the bottom of the check indicate "Cell Biology - Distinguished Lecture Program". All contributions will be acknowledged on our flyer of the Lecture Series.

I wish to take this opportunity to thank you in advance for your generous support as a co-sponsor for this Lecture Series. We look forward to seeing you at our seminar which I am sure will be an exciting and successful event in the year to come.

With Warmest Regards,

Sincerely,

Patrick Y-K Wong, Ph.D.  
Professor and Chairman
